

Curriculum feedback analysis of Alumni

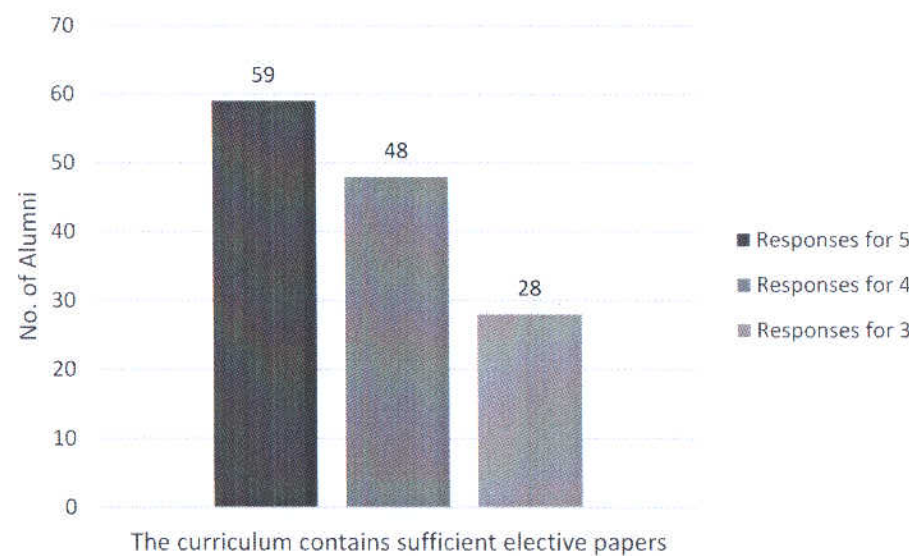

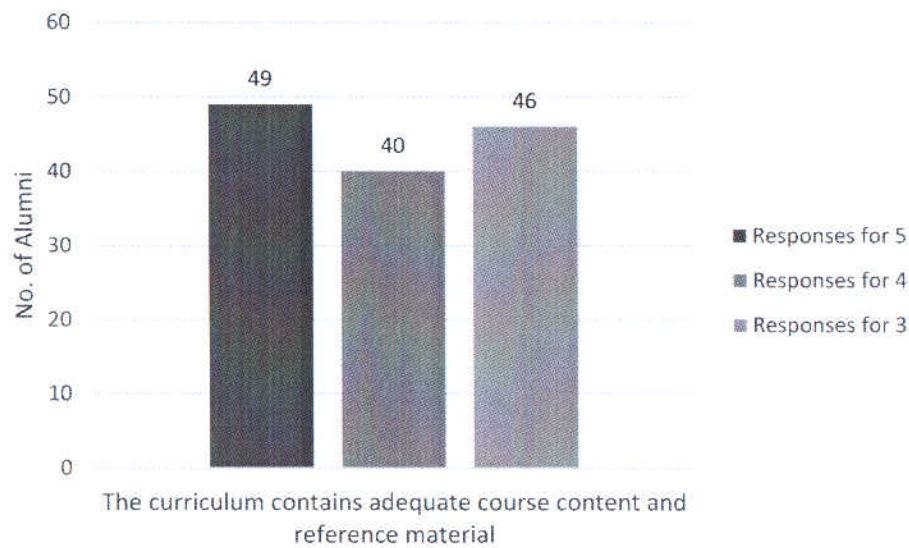

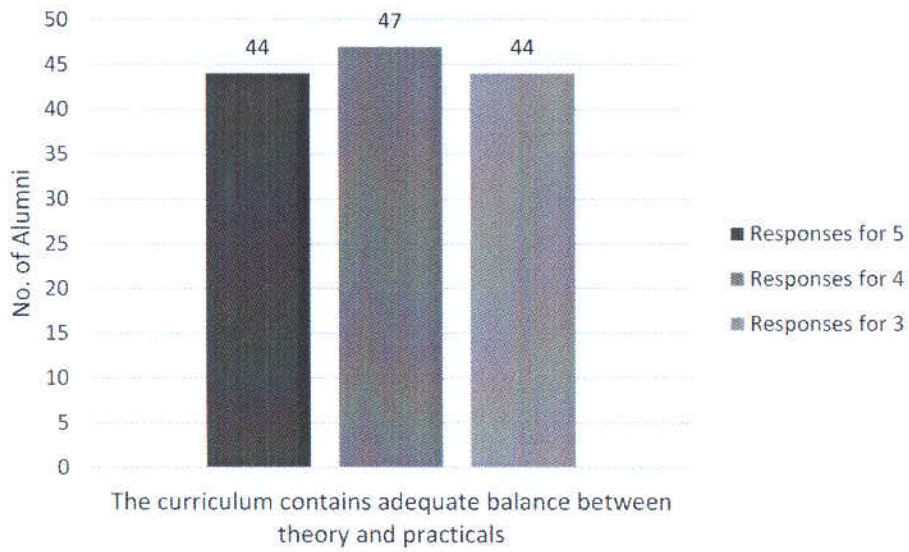

Introduction

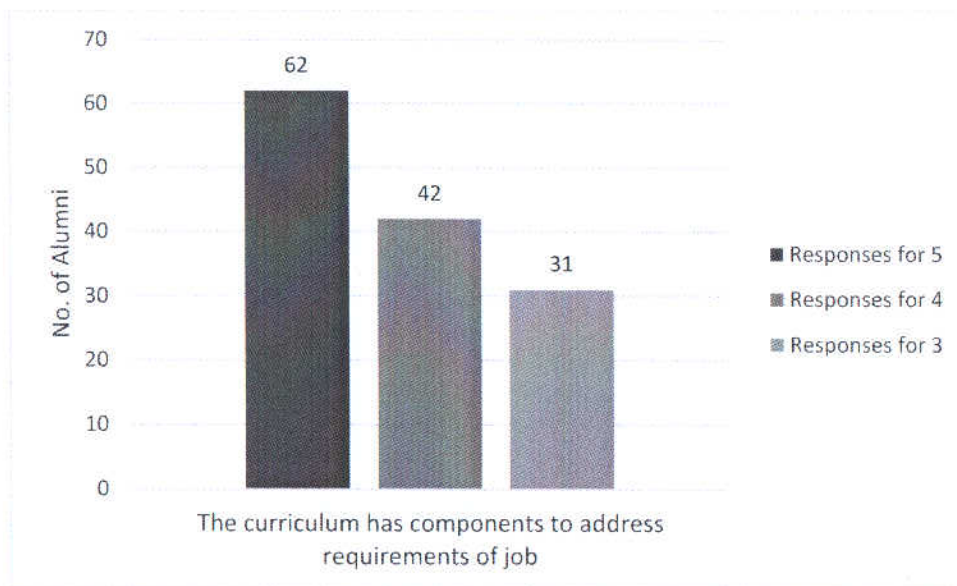

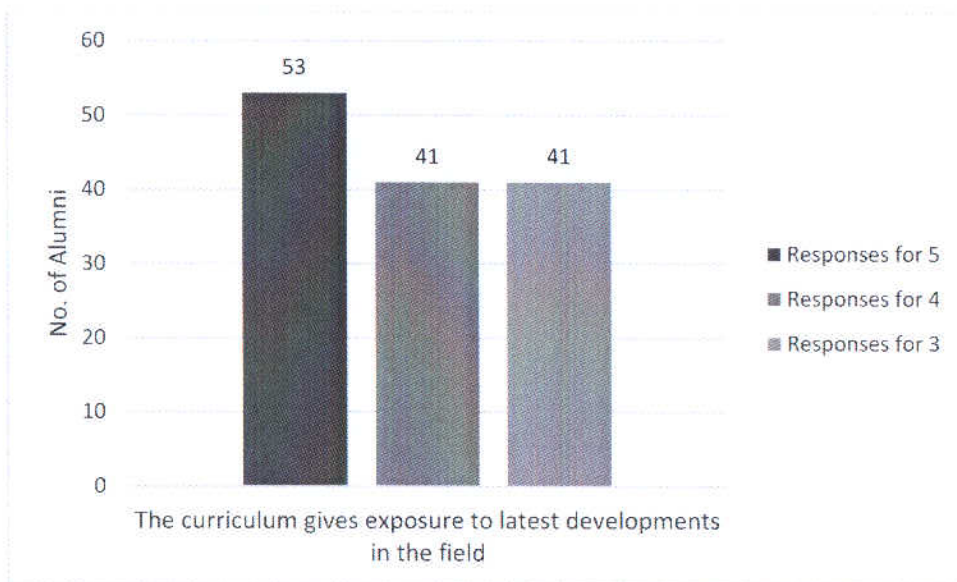

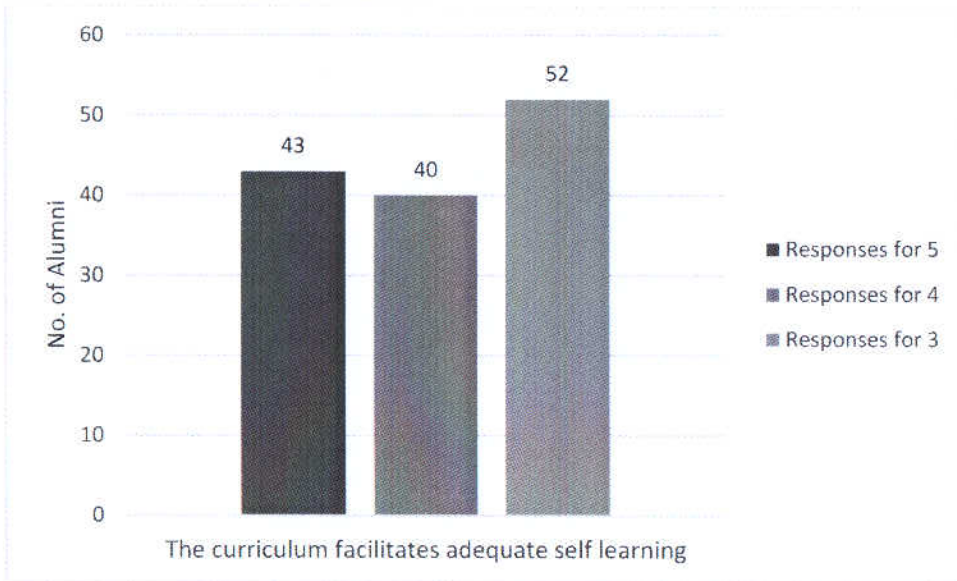

The institution has collected feedback on curriculum from all alumni as part of quality monitoring and quality assurance practices implemented in the institution. Feedback is collected during the alumni meet held every year. The feedback link is also available on the website and all alumni are encouraged to fill in the feedback form.

The data collected by using an online software is also analyzed by the software and the result is reviewed by the institution. Recommendations are prepared and forwarded to the management. Action taken report is also prepared for follow up actions.

The following is the analysis of the number of responses per question.

Average score

The institution has also analyzed the overall responses and the average score per question. In order to achieve this, responses for each question were collected in a scale of 1-5, with 5 being the most favorable and 1 being least favorable. The average score was calculated over total responses collected over time for all the programs and it was analyzed by using the software.

Recommendations are prepared and forwarded to the management. Action taken report is also prepared department wise for follow up actions.

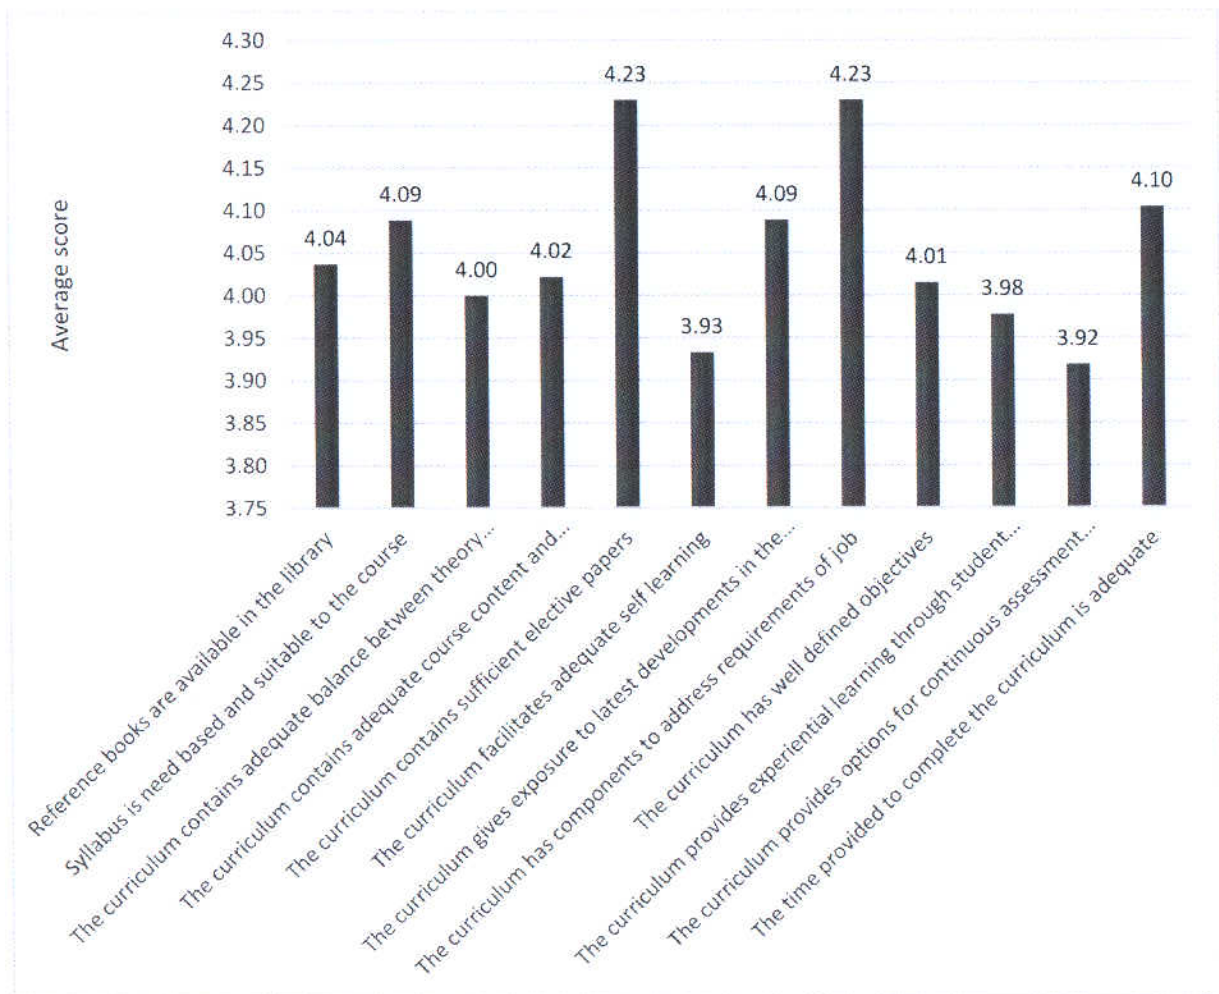

The following is the analysis of average score per question.

The curriculum contains adequate balance between theory and practicals <i>Average Score 4.00</i>	The time provided to complete the curriculum is adequate <i>Average Score 4.10</i>	The curriculum has components to address requirements of job <i>Average Score 4.23</i>
