

Employer feedback analysis

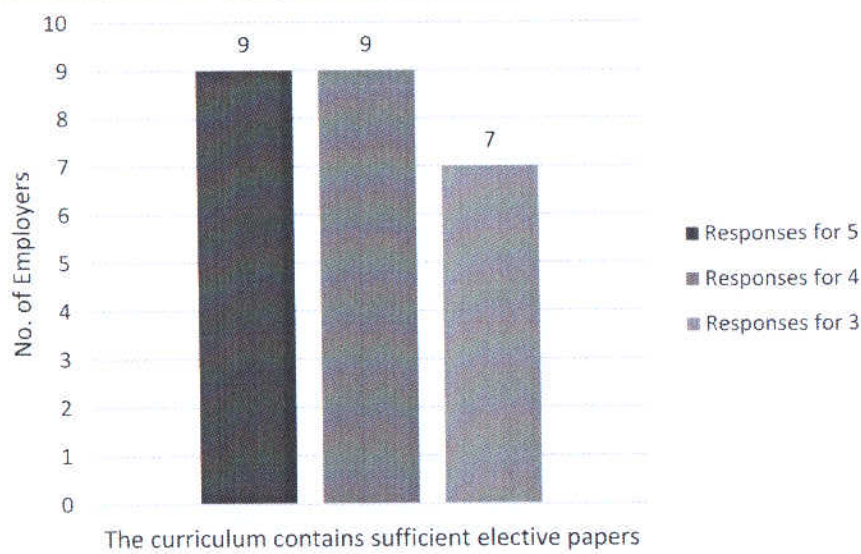

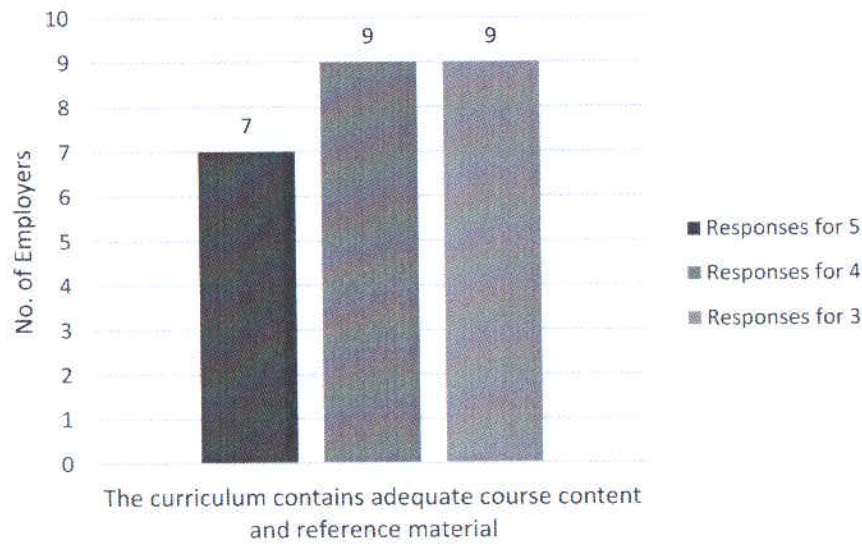

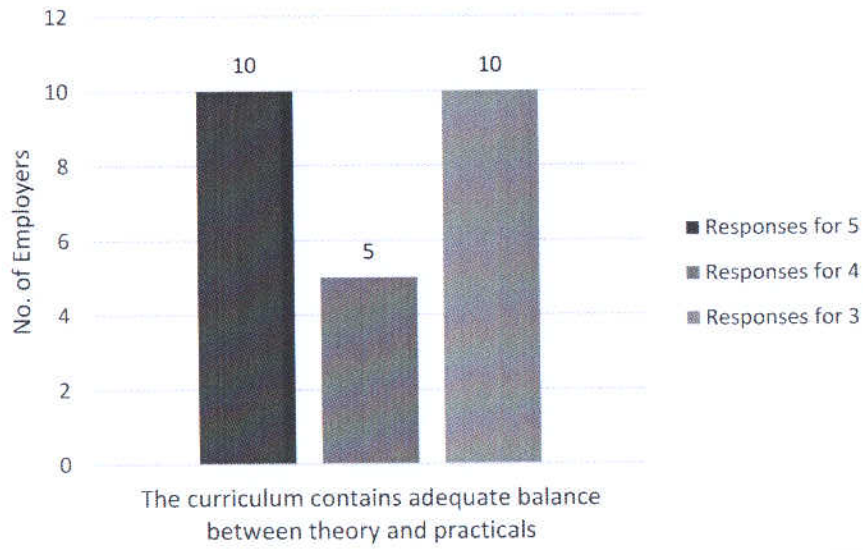

Introduction

The IQAC team of the institution has collected feedback on curriculum from all employers as part of quality monitoring and quality assurance practices implemented in the institution. The feedback link is also available on the website and all employers are encouraged to fill in the feedback form.

The data collected by using an online software is also analyzed by the software and the result is reviewed by the IQAC team. Recommendations are prepared and forwarded to the management. Action taken report is also prepared department wise for follow up actions.

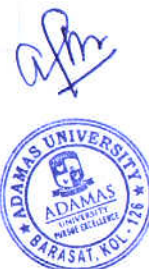

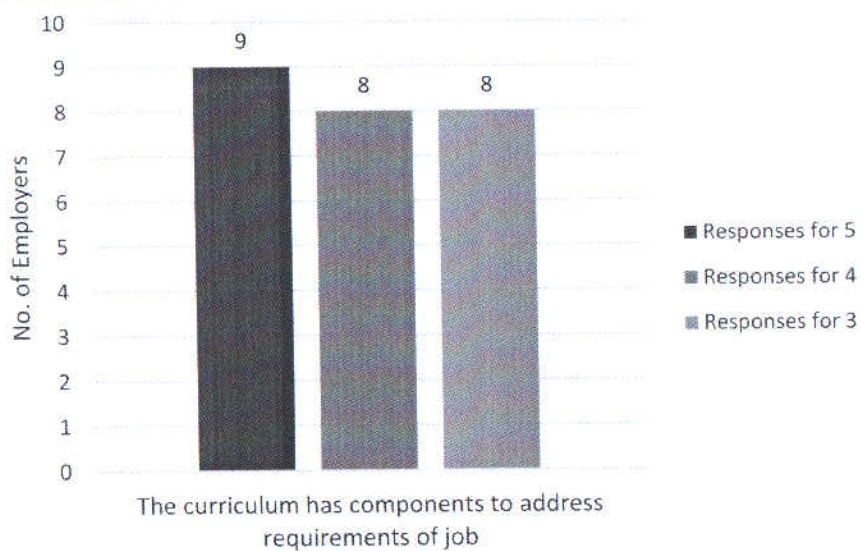

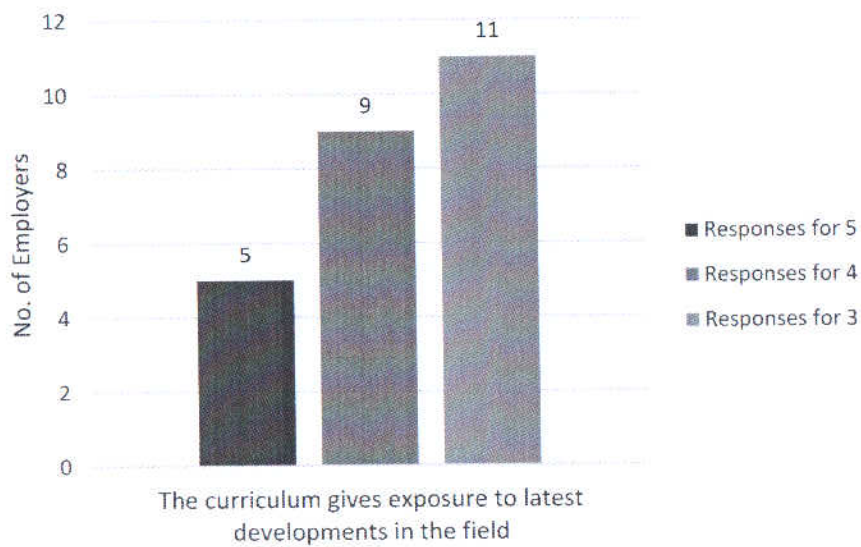

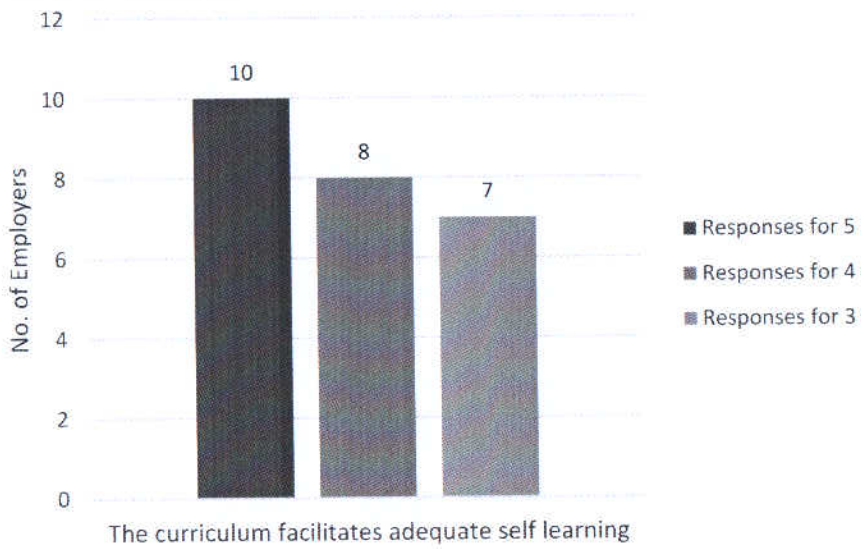

The following is the analysis of number of responses per question.

Average score

The IQAC team has also analyzed the overall responses and the average score per question. In order to achieve this, responses for each question were

collected in a scale of 1-5, with 5 being the most favorable and 1 being least favorable. The average score was calculated over total responses collected over time for all the programs and it was analyzed by using the software.

Recommendations are prepared and forwarded to the management. Action taken report is also

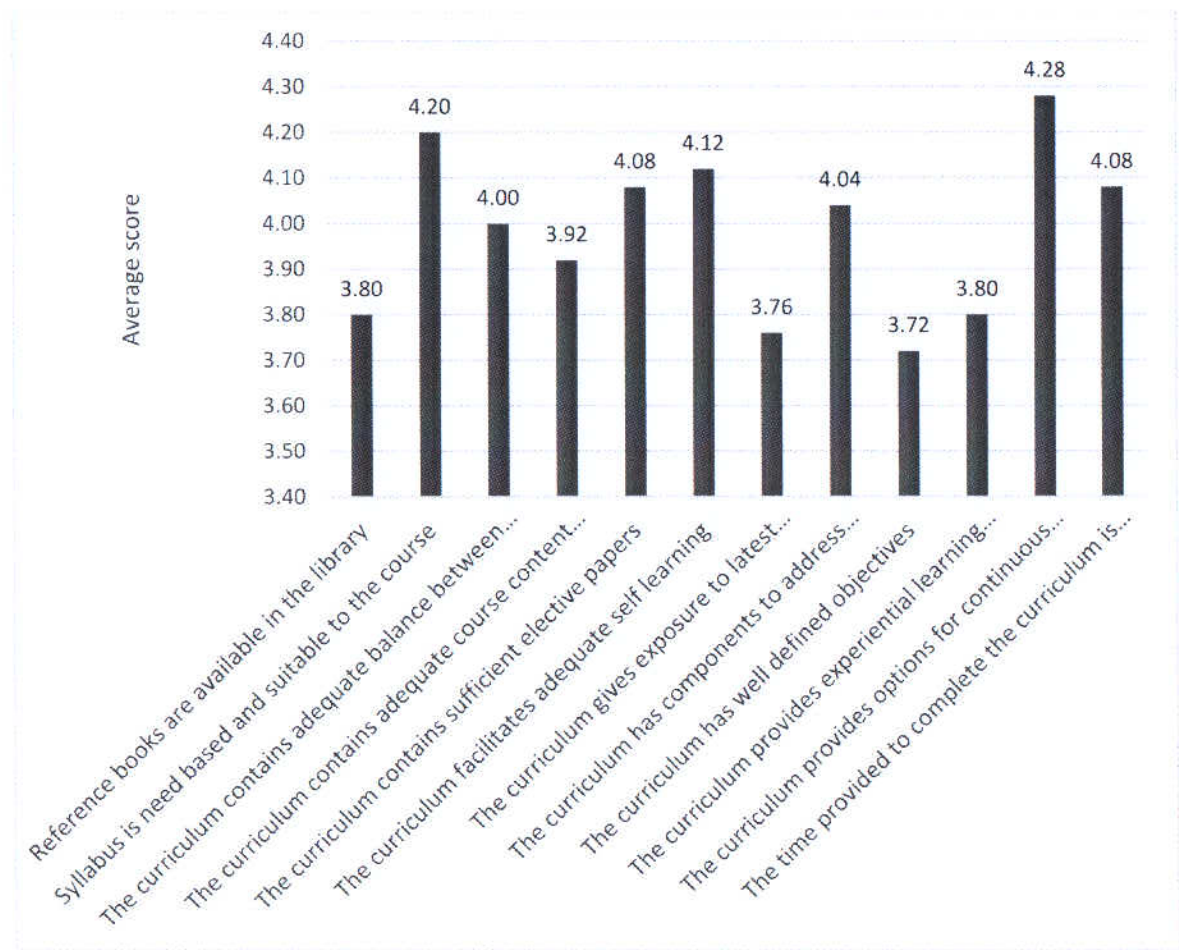

prepared department wise for follow up actions.

The following is the analysis of average score per question.
